

Equipment and Services

Duty to Perform

Walden Equipment will do its best to help you do your best.

Walden Equipment is a Sudbury based company, with two satellite locations opening in Timmins, Ontario and Valdor, Quebec – Fall 2010.

We are prepared to offer you a wide range of certified, reliable, new and late model brand name equipment, ready to provide your company with the necessary machinery you require. Whether it is for purchase or lease, our service and high end products makes us one of the industry's most favoured suppliers.

Walden Equipment employs qualified personnel with the skills and know-how to remanufacture both surface and underground equipment. Our services include in-depth equipment training, various tensioning and winching services, mechanical technicians, and much more.

We continue to meet the needs of major clients such as Xstrata, Vale Inco, Redpath, and Cementation. Through continued dedication and deep seeded integrity, Walden Equipment prides itself in providing the best service to every customer and offering high quality, dependable, and durable equipment every time!

We strive on customer satisfaction and quality service, which helps to keep us competitive in a world-wide industry.

Various equipment currently for sale or rent include, but are not limited to:

- Scissor Lift Trucks
- Hydraulic, Electric and Air Tuggers
- High Speed Boom Trucks
- Hoists
- Winches
- Shaft Sinking Hoist
- Sheaves and Tension of Wire Rope
- Underground Haul Trucks
- Jumbo Drills
- LHD's
